

The NMCOA Poker Run Road Rally

The Poker Run Road Rally is NOT a timed event. Speeding is not required or recommended.

What to Expect: Inside the hotel, at the NMCOA registration area, there will be a Poker Run Road Rally (PRRR) sign-up sheet. Typically, the PRRR will begin at 7PM on Saturday evening. Members will be able to select a PRRR start time from a list provided. The departure times will be every 2 minutes. Thus, the member selecting the 7PM departure will depart at 7PM. The next available departure times would then be 7:02PM, 7:04PM, 7:06PM etc. etc. **When selecting your departure time, Please select the next available time on the sheet. We don't want to delay the entrants and staff by leaving time gaps between departures.**

At the departure/return point, NMCOA staff members will give each vehicle a clipboard and pencil, and a set of driving directions that will also include questions to be answered along the route. The vehicle's designee will select 1 card from a "large" deck of NMCOA marked playing cards. There will be 3 check points along the route. The check points are typically marked with balloons or a sign of sorts. Both the driver and the passenger(s) will need to be alert. The Vehicle's designee will select 1 additional card at each check point. Upon successful completion of the route and upon returning to the hotel departure/return point the vehicle's designee will select the last playing card. At this time, the clipboard, pencil, Poker hand of 5 cards, and the answer sheet to the questions will be turned in to the NMCOA staff.

The object of the "game": To have fun, To get the best "Poker Hand", To answer all the questions correctly, and **To Have fun.....did I mention.....To have fun!!!**

Typically, two awards are presented to the winners at the Sunday awards ceremony. **The winners need not be present at the awards ceremony.**
